

## July 2014 Update

July 10, 2014

Dear All at Fellowship Bible Church,

I've recently been reading a book about the ship my dad was on in World War 2. Although I've heard snippets of information from him and some of his shipmates about their experiences, especially regarding the battle of Okinawa, this book brought out things I hadn't really thought about. The navy needed ships that would supply the troops, ships that would bring more troops to land in addition to the ships that would shoot down enemy aircraft. During the battle there were guys on the deck behind the guns, and there were guys below handing ammunition up. Spiritual warfare is much the same way. Some are on the front lines, others are supplying the means for them to stay in the battle and covering them with prayer. Thank you for your important part in this spiritual battle.

The former co-workers have been gone about a month and a half now and the new ones have been on-board for the same amount of time. Thanks so much for your prayers regarding the transition. The overlap time went fairly smoothly. There are still areas the new co-workers are learning, so do please continue to pray in the coming months for the deaf people to accept and embrace the changes. And please continue to pray for the former co-workers as they settle in Washington and start making contacts in the deaf community there.

In my last letter I mentioned a lady that broke her ankle and leg and one of her helpers who got a bad ankle sprain. Thanks for your prayers for them. The man with the sprained ankle is walking good now, and the lady with the broken ankle/leg is now taking a few wobbly steps each day holding on to her wheelchair. Please pray for continued physical healing and for spiritual growth. Thank you.

Please pray also for a couple of women who need to make some major decisions. Pray that these decisions will be Spirit led decisions. Thank you.

Thanks again for your prayers and support!

In His love,

*Penny Harden*
